## Warranty Repair Procedure:

In the event a product needs service, please contact technical support to determine the nature of the problem and relevant warranty coverage. Upon contacting technical support, you should provide the serial number, date of purchase, and Argonaut Computer invoice number. A Return Merchandise Authorization (RMA) number will be issued to you with packaging and shipping instructions. This RMA number must appear on all packages shipped to the Argonaut Computer Service Center (**Note: any shipment sent to the service center without a clearly marked RMA number may be refused.**). You must clearly specify the address where the product is to be returned, (to ensure prompt handling, please provide the return shipping address, email address and contact phone number on a separate sheet within the package). Please note the return address **may not** be a PO Box and the return address telephone number must be provided. If shipping damage is seen, please retain shipping packaging and contact Argonaut within 3 days of receipt in order to ensure a proper damage claim filing with the relevant shipper. Argonaut Computer, Inc. may not be liable for any shipping damage claims placed later than 3 days from receipt.
